## Profile

---

Great experience in the management of works in the area of public services as an analyst and as an architect supervisor in different areas such as supervision of schools, family houses and urbanism. Afterwards, I also worked in a private company specializing in design and construction. I worked as an architect and also as a designer per client's request for specialized projects. With over five years of experience in architectural design, I have exceptional skills and experience in planning, detailing, designing and coordinating projects both in the public and private sectors. My excellent communication, public relations, problem-solving and leadership skills, combined with my knowledge of engineering and architectural codes, make me a highly valuable employee and team leader.
